

Fixed frame

**For those who are truly passionate about cinema, Lumene offers an extremely versatile screen.**

The Movie Palace Premium Multi is a perfect fit for high-end dedicated screening rooms and is available in several formats, including the 2.35:1 cinemascope format and the 16:9 and 4:3 standard formats.

Simply open or close its lateral flaps to adjust the surface of the canvas so it corresponds to the format of the film being viewed. It is perfect for frequent viewing sessions and offers compatibility with multiple film formats. In addition, the Movie Palace Premium Multi features the same high-quality build as the screens in the Movie Palace range. An elegant aluminium frame ensures perfect canvas tension via an attachment system, making this model extremely easy to install. Another key advantage is the frame's velvet finish, which serves to improve image contrast while eliminating distracting reflections.

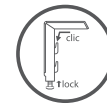

Perfect tension

Adjustable ratio

Easy to install

Fast and clipping system

Velvet frame

**SPECIFICATIONS**

**Screen material**

- High quality LUMENE screen material
- PVC WMat
