News at ISE 2006 Brussels

Lumene is a French brand of projection screens which main goal is to combine performance and value.

Lumene now offers 8 ranges of screens covering all types of installation : manual, motorized, portable, and fixed frame screens.

Thanks to the development of its ranges, Lumene now offers all type of screens for any kind of Home Theater use.

The **Integrated Systems Europe** of Brussels will be a great opportunity to introduce you the latest novelty on INOVADIS booth :

HALL 5, STAND D41

Movie Palace Velvet : a luxurious style

- *This new version of Movie Palace fixed frame screen is now equipped with a refined black velvet finish frame. Thus you can benefit from a luxurious screen and make your dedicated room harmonious.*
- *Esthetic aspect of the black velvet surround.*
- *Better calibration of the projector avoiding undesirable reflection and easing the keystone adjustment.*
